## REPORT OF SCHOOL BOARD.

---

Another town district school year is drawing to a close, and as we present our report for the year that is past, we vainly rack our brain for new words in which to express the same thoughts of other years.

We have conscientiously transacted the business belonging to our office, if we have failed to do the right thing, it was an error of judgment not a desire to please ourselves, but a wish to do our duty in a manner most beneficial to the community, which we serve.

We have carried our schools along thirty weeks each, from July 15, 1910 to July 15, 1911. If we run our schools in the spring twelve weeks, as planned, the town of Danbury will have thirty weeks of school for the year 1911-1912.

I think our schools should begin the last week in August at the latest, this would give us one or two weeks more on our winter term before the hardest part of the winter.

We wish to express our great pleasure in the good attendance recorded for the short term lately finished. We trust that the pupils will make an effort to raise the attendance during the year to come.

Our teachers have been very faithful and painstaking as a whole. A desire was manifest on the part of both teachers and pupils to work in unison. There also appeared to be the utmost good feeling between the instructor and the instructed. When we see this condition in the schools we may reasonably expect good results. We have some very excellent resident teachers; we highly appreciate their services, and hope to keep them in our schools for an indefinite period of time.

There are many beautiful books in the hands of the publishers, but we have bought very few. In regard to the new books, our thought has been, that a poor book in the hands of a good teacher, is better than a good book in the hands of a poor teacher. Our aim has been good teachers,

and thirty weeks in our school year we take pride in the increase in the length of our school year, also in the number of pupils attending High school.

We have kept down the repairs with the same end in view; namely, good teachers and lengthened terms of school, but we trust this year will not pass without repairs on the houses in the Eastern and North Road houses. The stoves in three buildings are in need of mending. New curtains are needed in all houses but one.

We submit this estimate for the ensuing year:

High school tuitions,	\$500 00
Books and supplies,	60 00

We thank the citizens of Danbury for the generous support given us both in money and hearty sympathy in our work.

Respectfully submitted,

NELLIE F. EDSON,  
MARY W. FRAZIER,  
EDWIN B. FORD,

*Members of the School Board of Danbury.*
